Section #	C	NC	R	Narrative	To Be Corrected
118	X			Observed staff lacking food safety basics. Although staff trained for a week with the CFM from their New Albany location, they were still unable to answer basic food safety questions including: date marking, 7 day lifespan on prepared in house dishes, food stacking (raw over RTE), and covering and dating bulk foods. A dedicated staff member should sign up for next certified food protection manager class and testing.	10/5/20
204	X			Observed black object floating in uncovered bulk chicken soup in walk-in cooler.	CORRECTED
177	X			Observed raw chicken stored on top of pan of cooked ground beef.	CORRECTED
192	X			Observed bulk chicken soup left uncovered in walk-in cooler.	
				Observed made-in house "carne desperado" dated 9/12/20. Staff was warned about multiple date marking stickers on pans. Several dates had been marked out and new stickers and dates added. FCHD was told that product was disposed of, but when searching for disposed of product, found it to be stored in kitchen.	DISCARDED
